

# Compact DNA Report

## ABO Blood Type

ID: 16243529

2a8f7a2d047a40939e038ee063410cf6

### YOUR RESULT

Your ABO Blood Type

***Type A***

This report analyzed your DNA data, and determined that your file contained enough data to determine your ABO blood type. Your result appears above.

To ensure you always have enough DNA data available for this and all other DNA analysis apps, consider Whole Genome Sequencing, which obtains 100% of your genome.

The [Blood Related DNA Report](#) provides comprehensive insights about your blood, including an extended analysis of your blood type. The [Complete Genome Analysis DNA Report](#) provides comprehensive insights about your entire genome.
