

Health Predisposition

Includes both reports that meet FDA requirements for **Genetic Health Risks** and reports powered by 23andMe research.

Genetic Health Risk Tutorial

Keep in mind that these reports do not include all possible genetic variants that could affect these conditions. Other factors can also affect your chances of developing these conditions, including lifestyle, environment, and family history.

<u>Age-Related Macular Degeneration</u> <u>Variant detected, not likely at increased risk</u>	>
<u>Celiac Disease</u> <u>Slightly increased risk</u>	>
